

SIKU INFRAPLATE PRO CLASSIC / SIKU INFRAPLATE PRO CLASSIC SLIM

The new SIKU Infraplate pro heating panels in timeless, slimline design. The heating panels are the most advanced solution for efficient, convenient and cost-effective heating of living areas.

BESCHREIBUNG

- clean, noiseless and dust-free room climate
- reduction of air circulation
- low acquisition and maintenance costs
- low space requirement
- easy wall or ceiling mounting
- longevity

PRODUCT DESCRIPTION

SURFACE	IR-coating
REAR MATERIAL	Clad steel sheet
FRAME	Aluminium white
HEATING ELEMENT	Carbon crystal
SURFACE TEMPERATURE	75-95°C
OVERHEATING PROTECTION	Yes
ELECTRICAL EFFICIENCY	98%
CABLE LENGTH	1,9 m
MOUNTING	Wall (WW) or ceiling (DW)
LED OPERATING LIGHT	Yes, only with wall-mounted types (WW)
WARRANTY	5 Years

WW indicates wall-mounted units.

DW indicates ceiling-mounted units.

When purchasing a „DW“ heating panel, the SIKU IPP-DAS ceiling mounting set or the IPP-chain will also be required as an accessory.
