

MPN: ELECTRA-M10-OUTDOOR-SOLAR

Outdoor L2 Managed Industrial Ethernet PoE Switch - Solar

Introducing the OUTDOOR-SOLAR : Your Ultimate Solar Solution!

Harness the power of the sun with the OUTDOOR-SOLAR , the latest innovation in solar technology. Designed for efficiency and durability, this state-of-the-art solar panel system ensures you get the most out of every ray of sunlight.

Key Features:

High Efficiency: Advanced photovoltaic cells maximize energy conversion, providing you with more power for less space.

Durable Design: Built to withstand the harshest weather conditions, ensuring long-lasting performance and reliability.

Eco-Friendly: Reduce your carbon footprint and contribute to a greener planet with clean, renewable energy.

Easy Installation: User-friendly design allows for quick and hassle-free setup, so you can start saving on energy costs immediately.

Cost-Effective: Save money on your electricity bills while enjoying the benefits of sustainable energy.

Whether you're looking to power your home, office, or any other space, the Electra-M10-Outdoor-Solar is the perfect choice for those who want to embrace a sustainable future.

Join the solar revolution today and experience the difference!

Speccifications:

IP55 Waterproof Smart Solar Box, size 500(H)*380(W)*220(D), including one built-in 10-port L2 managed Gigabit Ethernet PoE Switch, 8x10/100/1000Mbps PoE RJ45 + 2xGbE SFP ports, PoE power budget 170W.

1pcs 2.4-inch LED display;
1pcs cooling fan;
1pcs Air-breaker;
1pcs Surge protector;
1pcs MPPT controller;
1pcs 4-port SC optical fiber tray;
1pcs DC12V to DC48V voltage booster;
1pcs Smart Control Card;
1pcs battery tray (battery not included).

We usually recommend 12VDC Lithium or Lead-Acid batteries. The power budget shall be depending on the total power consumption of all devices the customer intends to provide backup

We recommend 12V 17Ah AGM lead battery.

- High Efficiency: Advanced photovoltaic cells
- Durable Design: Built to withstand the harshest weather conditions
- Eco-Friendly: Reduce your carbon footprint
- Easy Installation: User-friendly design allows for quick and hassle-free setup

- Pole Mount included
- Recommended 12V 17Ah AGM lead battery.

Specifications

Certificates	NDAA Compliance	Yes
Management features	Switch layer	L2
	Switch type	Managed
Ports & interfaces	Basic switching RJ-45 Ethernet ports quantity	8
	Basic switching RJ-45 Ethernet ports type	Gigabit Ethernet (10/100/1000)
	Gigabit Ethernet (copper) ports quantity	8
	Installed SFP modules quantity	2
	SFP module slots quantity	2
Power over Ethernet (PoE)	Power over Ethernet (PoE)	Yes
	Power over Ethernet (PoE) ports quantity	8
	Total Power over Ethernet (PoE) budget	170 W
Vendor information	Brand Name	Ernitec
	Homepage	http://www.ernitec.com
	Warranty	2 Year(s)
