EW5681

Electric Dust Blower, 8 Speed 130000 RPM, 10Kpa Compressed Air Blower Portable Blower for PC, rechargeable battery 5000mAh, Compressed Air Cleaning PC, Couch, Car, Keyboard, Home

• Highly reliable and efficient BLDC motor. Greater power, lower consumption. 8 speeds.
• 3-in-1 Turbo Jet. 3 devices in one. Air duster, inflator, and vacuum pump. Includes 6 accessories and a USB-C charging cable.
• High-capacity, long-lasting batteries. Includes two high-capacity, long-lasting 2500mAh 18650 lithium batteries.
• It boasts a powerful 130W/130,000 rpm and 10kPa. Its compact size allows you to carry it in your briefcase or suitcase when traveling. Easily stored in its included travel bag.
• Ideal for inflating mattresses and floats. Discreet yet with great vacuum power. Essential for use at home, work, or in the car.

DESCRIPTION

Super Powerful Turbo Jet: The Ewent EW5681 electric air duster develops motor speeds of up to 130,000 rpm. This allows it to effectively clean dust and debris. Its vacuum pump capability for bags, suitcases, and more, as well as its inflation function for floats and mats, make it a must-have for home or work use. It has 8-speed settings to meet a variety of cleaning needs.
Wide Application: The EWENT EW5681 electric air duster comes with 6 accessories that cover almost all applications for this type of device. It is the perfect device for a variety of scenes and everyday uses, such as PCs, keyboards, or other electronic devices. It is also suitable for cleaning homes, radiators, windows, and more. Essential for car use, it removes dirt from the most inaccessible places.
2-Hour Quick Charge: The EWENT EW5681 electric air duster supports a Type-C cable and can be fully charged in 2 hours. Once fully charged, it can be used for up to 50 minutes.
Portable and Handheld: Weighing only 230g, the Ewent electric air duster is compact and easy to carry.
Save and Reuse: With this EWENT air duster, you can save considerably compared to compressed air sprays. It is made of durable materials and has a long-lasting battery. This is the biggest difference from disposable compressed air sprays; the electric air duster can be recharged and reused again and again, cost-effectively and improving your cleaning experience.
