The Neomounts by Newstar universal notebook cooler, model NSLC200 is a universal cooling stand for notebooks up to 22". It offers different tilt positions for maximum viewing comfort. Light weight and portable. Width adjustable to accommodate most size laptop computers.

This cooler offers you more benefits. Laptops get slower due to warmth. This ideal tool reduces your laptop heat with 15 degrees preventing degradation of laptop speed. The low noise cooling fan connects to your USB port using a minimum of energy.

This stand holds 10 kilo, allows up to 10° angle and offers unique depth measurements of 9cm and stretchable width from 22 to 32cm. The notebook cooling stand is the ideal tool for traveling. Compact, light and easy to carry.

By using an ergonomic stand neck- and back complaints can be avoided. Ideal for use in offices and on counters or in a reception area.

All installation material is included with the product.
