### Strong materials, stronger security

Safeguard devices with a secure, resettable combination lock crafted from cut-resistant, galvanized steel and zinc alloy. It is designed to deter theft and anchor devices firmly to desks or shelves for lasting protection.

### Three lock types in one smart design

Secure any device with ease. The universal lock head offers 3 switchable types- Standard, Wedge, and Nano, selected with a simple wheel rotation. No more juggling multiple locks. Initials on the rotary head make identification quick and effortless.

### Turn less, protect more

This sleek, compact lock is built for effortless use. A 90° cable angle, 360° swivel cable joint and lock tip, and fewer turns to secure keep cords tangle-free, without the hassle of manually changing lock heads to select the right type.

## Sustainability in action

### Built for a better tomorrow

Crafted with at least 50% post-consumer recycled plastic<sup>1</sup> in the velcro tie and comes in FSC®-certified packaging,<sup>2</sup> ensuring responsible design without sacrificing quality.
