

MPN: MC-DB9FF5

Null modem DB9 female / female cable, molded, Beige, 5m

This null modem cable is designed for direct serial communication between two devices without the need for a modem. Featuring DB9 female connectors on both ends, it is ideal for connecting PCs, terminals, industrial equipment, and other RS-232 compatible devices.

The cable is fully molded for improved durability and strain relief, ensuring a reliable and long-lasting connection.

- DB9 female to DB9 female connectors
- Null modem wiring for direct RS-232 device-to-device communication
- Molded connectors for added strength and reliability
- Suitable for use in industrial, IT, and legacy serial communication environments.
