Package Contents

• Docking Station x 1
• 3.3ft (1m) Host Cable x 1
• Universal Power Adapter x 1
• Product Documentation x 1

Requirements

For the latest manuals, product information, technical specifications, and declarations of conformance, please visit:
www.StarTech.com/201N-USBC-DOCK
www.StarTech.com/201UE-USBC-DOCK

• Computer x 1
  • The host computer's USB-C port must support Power Delivery and DisplayPort Alt Mode for full docking station functionality.
  • Video support and performance, such as the number of external displays, their resolution, and refresh rate, depend on the host computer and the performance of the video card or host port.

Installation

1. Connect the **Power Adapter** from an **AC Outlet**, to the **Power Input Port** on the **Docking Station**.

2. Connect a **Network Cable** from a **Network Port/Device** to the **Gigabit Ethernet Port** on the back of the **Docking Station**.

3. Connect **USB Devices** or **Peripherals** to the **USB-A** and **USB-C Ports** located on the front and rear of the **Docking Station**.

4. Connect up to two **DisplayPort Displays** to the **DisplayPort Outputs** on the back of the **Docking Station** using an **HDMI Cable** (sold separately).

5. Connect the included **3.3ft (1m) Host Cable** from the **USB-C Host Connection** on the back of the **Docking Station** to a **USB-C Port** on the **Laptop**.

6. Press the **Power Button** on the front to power on the **Docking Station**.

7. The **Host Computer** will automatically detect the **Docking Station** and install the required **Drivers**.
