

MPN: MC-DUALC13C14S-0.5B

# Powercord C13 IEC Lock+ - C14 IEC

## Lock Dual Locking blue 0,5m, PC3618

### Features:

- Prevents accidental disconnection of critical devices such as PDUs, servers, and networking equipment
- Compatible with all PDUs
- no built-in locking mechanism required
- Locks securely at both the top and side on the PDU end
- Reduces the risk of equipment damage and system downtime
- Electrical Rating: 10A / 250V~
- Color: Blue

## Specifications

|                    |                         |                          |
|--------------------|-------------------------|--------------------------|
| Features           | Cable length            | 0.5 m                    |
|                    | Cable type              | H05-VV-F3G               |
|                    | Conductor material      | Copper                   |
|                    | Connector 1             | C13 coupler              |
|                    | Connector 1 form factor | Straight                 |
|                    | Connector 1 gender      | Female                   |
|                    | Connector 2             | C14 coupler              |
|                    | Connector 2 form factor | Straight                 |
|                    | Connector 2 gender      | Male                     |
|                    | Core size               | 1 mm <sup>2</sup>        |
|                    | Jacket material         | Polyvinyl chloride (PVC) |
|                    | Product colour          | Blue                     |
|                    | RoHS compliance         | Yes                      |
| Power              | Input current           | 10 A                     |
|                    | Input voltage           | 230 V                    |
|                    | Maximum current         | 10 A                     |
| Vendor information | Brand Name              | MicroConnect             |
|                    | Warranty                | 25 Year(s)               |
