Product Description

Newer Dell XPS 14 and XPS 16 laptops (2026+) feature proprietary USB-C® security slots that are incompatible with standard laptop locks, requiring the use of adhesive locking plates which can add bulk, hinder stability and leave sticky residue.

The PortLock Keyed Laptop Lock addresses these challenges by attaching directly to the specialised USB-C® security slot without requiring an adapter, preserving the laptop's slim profile and supporting full port access. PortLock's low-profile lock head prevents wobbling, while the pivoting design supports user-friendly one-handed attachment.

Approved by Dell, PortLock streamlines deployment and enforces corporate security policies, giving IT managers robust protection without compromising usability.

Features

- Connects directly to specialised USB-C® lock slots on Dell XPS 14 and XPS 16 laptops (2026+) – no adapter or adhesives needed.
- Slim lock head provides trusted security without laptop wobble.
- Pivoting lock head lets you secure the lock from any angle—no awkward fiddling, slot strain, or port blocking.
- 1.8m (6') carbon steel cable resists cutting and loops around fixed objects.
- 5mm Keying System features robust anti-picking technology and streamlines key management.
- Meets or exceeds rigorous industry standards for strength, physical endurance and mechanical resilience.
- Register & Retrieve™ for quick, secure and free replacement of lost keys.
- 5-year limited warranty.

Specifications

- **Lock Management Type** Standard Keyed, Standard Keyed
- **Period of Warranty** Limited 5-year warranty
- **Device Compatibility** XPS 14, XPS 16
- **Security Slot Type** Specialised USB-C
- **Lock Technology** Keyed
- **Cable Type** Standard
- **Partner Exclusive** No
- **PDP Request Quote** Yes
