Lenovo

Overview

The ThinkPad Bluetooth Presenter Mouse is designed for professionals who move seamlessly between workspaces and presentations. Its ultra-slim profile slips effortlessly into any bag, yet delivers performance that feels expansive. Switch modes in an instant, connect across devices, and unlock the power of AI at the press of a button. Crafted with 95% PCC materials, including 20% Lenovo closed-loop plastic, it embodies Lenovo's pursuit of sustainability.

Target Audience

Modern Professional | On-the-go User

Key Features

AI at your fingertips

A dedicated AI button transforms your workflow, connecting instantly to AI actions for intelligent assistance on demand. Pair with two devices at once via Bluetooth®, and enjoy effortless setup through Microsoft Swift Pair or Tap to Pair.

Performance that adapts

From boardroom presentations to detailed work, this one-twist mouse is built for every scenario. On-the-fly DPI adjustments (1200, 1600 (Default), 2400) give you absolute control, while a fast scroll wheel and intuitive slide functions keep your flow uninterrupted.

Built for the journey

Ultra-slim and rechargeable, it's perfect for business trips. A quick two-hour charge delivers up to six months of usage, keeping you powered through every meeting, every project, everywhere.

SUSTAINABILITY

Recycled Material

ThinkPad Bluetooth® Presenter Mouse incorporates certified post-consumer recycled plastic in its some plastic components. This initiative breathes new life into plastic derived from post-consumer electronics, effectively contributing to the reduction of our carbon footprint. By integrating recycled materials, the mouse exemplifies a commitment to sustainability without compromising on performance.

95% Post-Consumer Recycled Content and the 95% Including 20% Lenovo Brand Post-Consumer Recycled Content.
