## 75" OS-Free Professional Touch Display for Maximum Security and Full IT Control

The ProLite TN7505A-B1AG is a large-format professional touch display, without an operating system, designed for environments where security, reliability and control are non-negotiable. Despite its minimalist structure, the TN6505A is exceptionally easy to use: simply connect your source and it works. The responsive multi-touch panel, 4K UHD resolution and high brightness deliver a precise and professional experience for collaboration, presentations and interactive applications. Built-in annotation allows users to write directly on the screen with a pen, marking up presentations or any on-screen content in real time for clear and effective communication. The TN8605A is the ideal choice for banks, courts, defence organisations, IT departments, universities and other high-security or compliance-driven environments where simplicity, transparency and trust are essential.

## Aesthetics which Elevate Any Environment

Modern, minimal, and made to elevate any environment—this design blends seamlessly into classrooms and boardrooms alike. It's not just a display; it's a statement. Clean lines, premium finish, and a presence that enhances focus and professionalism without stealing the spotlight.

## DeepContrast-IR+

The state-of-the-art DeepContrast-IR+ technology ensures accurate and precise touch responses, enabling effortless interaction and annotation.

## Standalone Solution & Connectivity

The OPS PC Slot offers a convenient standalone solution, allowing easy integration without the need for additional devices. The USB-C connection provides seamless connectivity, enabling quick data transfer, video output, and power through a single cable for enhanced versatility and ease of use.

## Wall Mount

The included wall mount bracket ensures secure and stable installation of your display. Designed for easy setup, it supports VESA compatibility and offers a sleek, space-saving solution. Its durable construction guarantees reliability, making it ideal for classrooms, offices, and meeting rooms.
