DESCRIPTION

Control your mouse more comfortably by using the EW3185 Extra-Large Mouse Pad! A high quality, soft mat with a felt finish on the top with anti-slip plastic drip dots on the back to prevent the table mat from slipping on the table.

Felt Fabric: Easy to clean and absorbs water

Felt naturally absorbs water and quickly returns to its normal state. If you want to clean, just brush its surface and remove any debris. This mouse pad gives a sense of luxury, thanks to the felt material. It is made of soft material to make it durable over time.

Desktop Protector

Felt desktop protectors can protect glass, wood or plastic tables from scratches, spills, insulation and wear. When you put it on the desk, it can also create a modern professional atmosphere for your office.

XXL size

The extra large dimensions of the mat (900x400x3mm) make it ideal in different environments: for example in the office also to decorate your desk and at home for gaming applications

The mat can accommodate your laptop, mouse and keyboard, office accessories and a cup of coffee or tea. The non-slip felt material provides a comfortable resting surface for writing or playing.

Use everywhere

It doesn't matter whether you have an optical or laser mouse, the mouse pad is suitable for both optical and laser mice. The EW3185 offers more comfort and precise mouse control.
