Create your style

Trim, style & shave - with one product

Create the exact look you want with the Philips Norelco Styleshaver. The dual-ended beard styler and shaver has everything you need to create a perfectly styled beard, 3-day stubble, or a clean shave.

Easy to use

- Battery light shows the battery status
- Charging stand and pouch: stay charged and ready to go
- 2-year guarantee, worldwide voltage, no oil needed
- Power light clearly shows which end is running
- Travel lock
- 50 minutes cordless power after 1 hour quick charge
- Water resistant for easy cleaning

Skin friendly performance

- Skin-friendly, high-performance trimmer blades

Trim + style + shave

- Dual shaver with trimmer shaves even the toughest beards
- Reversible trimmer: 32mm and 15mm sides for perfect details
- Beard trimmer with 12 length settings
- Detail comb for precision, and beard comb for control

Highlights

Reversible trimmer

Take off the adjustable length comb, and there's a reversible precision trimmer underneath. One side is a 32mm high-performance trimmer. Turn it around, and there is a 15mm wide precision trimmer – perfect for getting into small spaces, like under your nose or around your mouth. It's designed to cut very close while still protecting your skin, and it's small size and angled design make it easy to see what you are doing for fine lines and details.

Dual foil shaver with trimmer

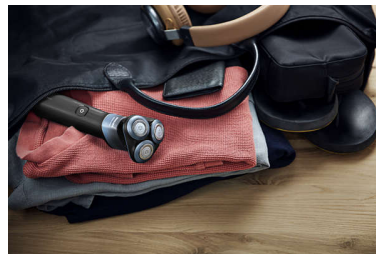

The dual foil shaver makes it easy to clean up stubble around your beard, even on your neck. The mid trimmer catches longer, tougher hairs and the 2 floating foils shave everything else perfectly smooth.

Detail and beard combs

The detail comb gives you more precision as you trim. Use it instead of the beard comb to get into tight spots, or to round off the edges of your beard. The beard comb gives you more control for an even trim.

Travel lock

Travel with peace of mind. Press and hold the on/off LED button for 3 seconds to lock the shaver for travel, so it can't accidentally turn on and drain the battery.

Power light

The trimmer button lights up when the trimmer is on, and the shaver button lights up when the shaver is on, so you always know which end is running.

Charging stand and pouch

The foldable charging stand is designed to fit into even the smallest spaces, so you can charge it wherever you want and easily take

it with you when you travel. The pouch protects your shaver during travel and gives you a convenient place to store it when not in use.

Battery light

Battery light glows light blue when full and blinks orange when 10 minutes remain.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.

Skin-friendly high-performance

The steel blades of the electric shaver lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-sharp to always cut hairs neatly and effectively, but have rounded blade tips and combs to prevent skin irritation.
