SV211MICRO   STARTECH KVM SWITCH, 2-PORT, PS/2

The StarTech KVM Switch allows you to
control 2 PC's/servers from one console.

The StarTech KVM Switch allows you to control 2 PC's/servers from one console. The StarTech models are designed to be the most compatible, reliable, and affordable single or multi-user KVM switches available.

Connected systems are quickly switched between using fast-switch buttons or Hot Key commands.

Its low cost, super small size, and high 1920x1440 maximum resolution display capability makes NewStar switches perfect for any application where reliability, compatibility, and faultless operation are important.
