- Phillips head screwdriver

## Installation

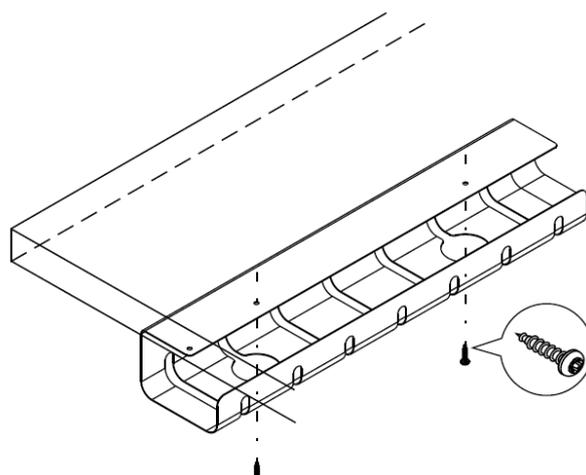

**Note:** It is recommended to complete the following installation steps with two people.

1. Determine the desired installation location for the Under-desk Tray(s). Each tray is 1.7ft (530mm) long. Please note, the trays are designed for use on desks with a thickness of 20mm or above.
2. Hold the Under-desk Tray in the desired location under the Desk, with the Mounting Holes resting against the underside of the Desk. Make sure the desk fits the 530mm length of the single cable management tray. - See Figure 1
3. Using a Phillips head screwdriver, secure the Self-Tapping Screws to the desk through the mounting screw holes. - See Figure 2
4. If desired, follow steps 1 and 2 for the remaining tray, either placing it beside or spacing it away from the first tray. -See Figure 3
