HyperX Pulsefire Haste 3 Pro - Wireless Gaming Mouse

PRO PERFORMANCE. SUPERLIGHT CARBON

Built for players who demand elite performance, the HyperX Pulsefire Haste 3 Pro combines an ultra-lightweight 47 g design with a premium forged carbon fiber-infused shell for exceptional speed, control, and durability. The carbon fiber construction helps reduce fatigue during long gaming sessions while maintaining the strength needed to withstand intense competitive play. Designed to feel effortless in hand, the Haste 3 Pro delivers the quick, precise movements that power players need when every millisecond matters. With up to 42,000 DPI, 800 IPS tracking speed, 70G acceleration, and 8,000Hz wireless polling, the HyperX Performance Sensor is built to track even the fastest flicks, swipes, and micro-adjustments with confidence. This level of performance provides the headroom competitive gamers need to stay locked in, ensuring every movement is translated with remarkable precision and reliability. The Pulsefire Haste 3 Pro is also designed to keep players focused on the game, not their battery level. With up to 150 hours of battery life[1] at 1K polling and 35 hours at 8K polling, it delivers endurance for both casual and competitive gaming sessions. Dual wireless connectivity lets users switch seamlessly between low-latency 2.4 GHz wireless and Bluetooth®[2], while included alternate skate sets and powerful NGENUITY[3] customization options allow players to fine-tune the mouse to match their personal playstyle.
