

TOLERATE USB-C PD GAN FAST CHARGER (20W) POWERED BY GOOBAY WHITE

SKU: ED230000

This 20 W USB-C™ GaN charger from Goobay enables fast and efficient charging for your devices. With Power Delivery 3.0, the output power automatically adjusts to the connected device, allowing compatible devices to charge from 0% to 50% in about 30 minutes, which up to 4 times faster than standard chargers.

Compact wall charger with one port: 1 x USB-C™ with Power Delivery (20 W).

PRODUCT DESCRIPTION

This compact 20 W USB-C™ GaN charger provides fast and efficient charging for your devices. Thanks to Power Delivery 3.0, the charger automatically adjusts the output to the connected device for optimal speed and safety. Compatible smartphones can be charged from 0% to 50% in around 30 minutes, making charging significantly faster than with traditional chargers.

The advanced GaN technology (Gallium Nitride) enables faster and more efficient charging while allowing for a much more compact design compared to conventional chargers. The result is a lightweight and portable charger that you can easily take with you wherever you go.

With a 20 W output, the adapter is ideal for USB-C powered devices such as smartphones, tablets, Bluetooth speakers and portable gaming consoles like the Nintendo Switch.

For additional safety, the charger features integrated protection systems that protect your devices against overcurrent, overcharging and overheating.

Specifications:

Input, type: Europlug (Type C CEE 7/16) x in

Output, max. amperage: 3 A

Output, type: USB-C™ PD (Power Delivery)

Output, voltage (DC): 5 V (DC)

Input voltage: 110–240 V (AC)

Number of outputs: 1 port

Markings: CE, WEEE, Haus, Quader, Indoor use
