

**TOLERATE USB-C™ PD GAN FAST
CHARGER (25W) POWERED BY GOOBAY
WHITE**

SKU: ED230002

This 25 W USB-C™ GaN charger from Goobay enables fast and efficient charging for your devices. With Power Delivery 3.0, the output power automatically adjusts to the connected device, allowing compatible smartphones to charge from 0% to 50% in approximately 30 minutes, which is up to four times faster than standard chargers.

Compact wall adapter with one port: 1 x USB-C™ with Power Delivery (25 W).

PRODUCT DESCRIPTION

This compact 25 W USB-C™ GaN charger provides fast and efficient charging for your devices. Thanks to Power Delivery 3.0, the charger automatically adjusts the power output to the connected device for optimal speed and safety. Compatible smartphones can be charged from 0% to 50% in approximately 30 minutes, making charging up to four times faster than with traditional chargers.

The advanced GaN (Gallium Nitride) technology makes the charger both more energy-efficient and significantly more compact than conventional models. The result is a lightweight and convenient charger that you can easily take with you wherever you go.

With an output power of 25 W, the adapter is ideal for USB-C powered devices such as smartphones, tablets, headphones, smartwatches, Bluetooth speakers, and portable gaming consoles like the Nintendo Switch.

For added safety, the charger is equipped with built-in protection systems that protect your devices against overcurrent, overcharging, and overheating.

Specifications:

Input, type: Euro plug (Type C CEE 7/16) x in

Output, type: USB-C™ PD (Power Delivery)

Output, max. current: 3 A

Max. output power: 25 W

Output voltage (DC): 5 V (DC)

Input voltage: 100–240 V (AC)

Number of outputs: 1 port

Certifications: CE, WEEE, Haus, Quader, Indoor use
