capture

12 inch
POS Tablet

The Capture 12" POS Tablet is a slim Android 16 tablet designed for retail and hospitality. An octa-core T616 processor, 6 GB RAM, a 2000 × 1200 display, front and rear cameras and optional 4G LTE make it a flexible choice for checkout, queue-busting, ordering at the table and field sales.

MPN: CA-TAB-22213

Large 12" Display

A 2000 × 1200 screen with in-cell capacitive multi-touch gives plenty of room for POS software, product catalogues and order entry.

Octa-Core Performance

The T616 processor (2 × Cortex-A75 + 6 × Cortex-A55) with 6 GB RAM and 128 GB storage keeps business apps responsive.

Always Connected

Wi-Fi 5 and Bluetooth 5.0 as standard, with optional 4G LTE covering the main European bands.

Front & Rear Cameras

A 5 MP front and 13 MP rear camera with flash for video calls, photos and document capture.

Android 16

Ships with Android 16, with storage expandable by microSD up to 512 GB.

Ready for the Shop Floor

Complete the setup with a rotating POS stand and silicone protective cases, including a version with ring handle, kickstand and shoulder strap.
See accessories on page 2.

ACCESSORIES

CA-TAB1-STAND

Foldable 360° Rotating Tablet & iPad POS Stand (Black)

Turns the tablet into a countertop POS. The base rotates 360° to face staff or customer, two 180° hinges set height (3–13 cm) and viewing angle, and it folds flat when not in use. Base: 13 × 13 cm.

CA-TAB1-CASE

Silicone Protective Case for CA-TAB-22213

A slim silicone case with reinforced corners and a precise camera cut-out, protecting the tablet against everyday knocks and drops.

CA-TAB1-SHOULDERSTRAPCASE

Silicone Protective Shoulder Strap Case for CA-TAB-22213

Silicone case with reinforced corners, a rotating ring handle that doubles as a kickstand, and an adjustable shoulder strap for hands-free carrying.
