Secure Tablet and iPad Floor Stand incl Brother Printer Mount (White)

The Core Floorstanding is a secure, robust and elegant tablet and iPad floor stand designed for temporary and permanent installations.

Our Core Range mounting system displays your tablet in all its glory, for a sleek and minimal aesthetic. The large 3M adhesive pad keeps your tablet secure whilst the included 180 degree USB-C power cable keeps your tablet charged. An integrated cable grip stops users removing the power cable, ensuring a charged device at all times. And, depending on your content, you can mount your tablet in portrait or landscape orientations.

The heavy solid steel base ensures stability, perfect when mounting to the floor is not an option (can be mounted to the floor if preferred). You can also conceal a power adaptor or battery pack under the magnetic cover.

Optionally, add branding boards at the checkout to get your message across from a distance or browse our other accessories to tailor your tablet floor stand for your exact requirements.

This tablet floor stand is compatible with all USB-C tablets big and small, from the iPad Mini to the iPad Pro. Looking for an enclosed solution?

- - Includes 2 meter 180 Degree USB-C to USB-C Cable.
- - Run the charging cable through the inside of your floor stand to keep the tablet kiosk powered while being neat & tidy. You can also store your power adaptor or a battery pack in the base.
- - Weighted base prevents tipping keeping the stand stable during user interaction without the need for permanent fixing.
- - Mounting holes allow you fix to the floor if required (fixings not included).
- - Set in portrait or landscape depending on your content.
- - Simple and fuss-free installation with clear instruction manual.
- - Need to have an adjustable screen angle? You can add tilt as an optional extra in the check-out process.
- - Need to get your message across from a distance? Checkout our Front and Placard Branding Boards.
