MOUNTING INSTRUCTIONS

1. Place the appliance in the rack with the connections facing the front.
2. Secure the appliance with one bolt on either side.
3. Place the power supply on the rack and secure with two zip ties.
4. Route the power cable through the front and connect to the appliance.
5. Secure the excess length of the power cable to the rack. Repeat for a redundant power supply.

Please ensure proper ventilation according to the network appliance manufacturer's guidelines.
