

AERIVA03C Turbo Cooling Fan with Cooling Plate

Product Images

Short Description

- **Power:** Turbo airflow for strong, focused cooling.
- **Control:** Adjustable speed for personalized comfort.

- **Cooling:** Cooling plate for instant ice-cool relief.
- **Display:** Digital display for real-time speed and battery status.

Description

The AERIVA03C Turbo Cooling Fan with Cooling Plate is engineered to deliver powerful and refreshing cooling in a single, innovative device. Equipped with turbo airflow technology, it generates strong and focused air circulation to quickly reduce heat and enhance comfort in any environment.

With adjustable speed control, users can easily fine-tune the airflow to match their personal cooling needs, ensuring a consistently comfortable experience.

The integrated cooling plate takes comfort a step further, providing instant ice-cool relief at the touch of a surface. Whether used during outdoor activities, at the office, or at home, it offers an added layer of cooling that goes beyond conventional fans.

A built-in digital display provides real-time visibility of fan speed and battery status, allowing for convenient monitoring during use.

Combining performance, control, and innovative cooling technology, the Turbo Cooling Fan with Cooling Plate is an ideal solution for reliable, on-demand cooling and instant refreshment.

Additional Information

Harmonized System (HS) code.	8414510090
Customs product code (TARIC).	8414510090
Control panel.	No
Approval and Compliance.	CE, RoHS
Package Contents.	AERIVA03C USB-C to USB-A Cable Multilingual Quick Installation Guide
Color.	Cream
EAN.	4015867244999
Model Number.	AERIVA03C
Dimensions (W x D x H).	52 x 54 x 134 mm
Product weight (kg).	0.183
Material.	Metal, Silicone, ABS
Power input.	5V/2A
