

HyperX Pulsefire Haste 3 - Wired Gaming Mouse

ULTRA-LIGHTWEIGHT. COMPETITION READY.

The HyperX Pulsefire Haste 3 is built for aspiring competitive gamers looking for lightweight performance without the premium price tag. Weighing just 44 grams, it delivers effortless control and comfort, feeling like a natural extension of your hand during fast-paced gameplay. Its ultra-light design helps reduce fatigue while giving the speed and precision needed to keep up with intense action and competitive matches. With up to 16,000 DPI, 300 IPS tracking speed, and 65G acceleration, the sensor delivers reliable performance for everything from quick flicks to precise movements. Combined with HyperX Optical Switches, which offer faster actuation and enhanced durability, players can respond confidently when every moment counts. The Pulsefire Haste 3 is also designed to fit your playstyle. Using HyperX NGENUITY³ software, players can customize DPI settings, adjust polling rates, and reassign up to five programmable buttons for a personalized gaming experience. Extra-large PTFE skates provide smooth, effortless gliding across mouse pads, helping maintain control and consistency throughout every session. Together, these features make the Pulsefire Haste 3 an easy-to-use, competition-ready gaming mouse that delivers exceptional value for new and aspiring gamers.
