PHILIPS

Features

Dual rotatable dock

Dynamic lighting

Step in time to the dazzling beat of music. Cool lights blink to the rhythm of songs, adding fun and excitement to tunes. When you don't want the lights on, you can simply turn the feature off. Add glam and spice to dance parties, sizzling celebrations and cool events with these sensational dynamic lights.

MAX Sound

MAX Sound technology produces an instant boost in the bass, maximising volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting the bass and volume to maximum levels, without distortion. The end result is a noticeable amplification of both sound spectrum and volume and a powerful audio boost that will add mileage to any music.
