- **Contents:** Tray, lid, and 2 × 12-core holders.
- **Dimensions:** 150 × 95 × 11 mm.
- **Color:** White.

Description

The equip® 337130 is a fiber optic splice cassette that organizes and protects up to 24

fiber splices within splice boxes and distribution systems. It suits single-mode and multimode use in data centers, telecom networks, and enterprise environments.

A protective cover shields spliced fibers from dust, bending, and damage, while the structured layout maintains proper bend radius and routing to preserve signal integrity.

It fits standard 19" patch panels and fiber distribution boxes and includes a tray, lid, and two 12-core holders; 150 × 95 × 11 mm; white.

Additional Information

Harmonized System (HS) code.	853890
Customs product code (TARIC).	8517790000
Shielded.	No
Color.	White
EAN.	4015867244722
Model Number.	337130
