PHILIPS

Highlights

OptimalTemp

One perfect setting for all your clothes. Always the perfect combination of steam & temperature because: 1) Advanced Smart Control Processor sets the perfect combination of steam & temperature 2) The ultra powerful cyclonic steam chamber delivers powerful constant steam for all your fabrics

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester.

Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed the excellence of ironing results.

100% fast

100% fast on the toughest fabrics, no other steam generator is faster from start to finish.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

Up to 5 bar pressure

Up to 5 bar

The more steam, the faster the ironing. Consistent powerful steam is generated which penetrates deep inside the garments making ironing faster and better. Steam power can be regulated to fit your needs.

2.2L fully visible water tank

XXL Water tank

PerfectCare Aqua is with this unique feature: large water tank; it ensures long hours ironing without refill of water tank. It helps make ironing session easier and faster. Excellent design of the fully visible water tank, makes sure you could see through the water level from any angle where you look.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
