# Overview

The Lenovo USB-A Wired Smartcard Keyboard 5000 is built to make secure work feel effortless. Featuring a hardware-based Smartcard reader, it delivers enterprise-grade authentication and supports most Smartcards with ease. The full-size layout, dedicated function keys, and Copilot key enhance productivity, while its durable design ensures dependable performance day after day.

# Target Audience

IT Manager | Office User

## Key Features

### Effortlessly secure

Security shouldn't be hard. This reader integrates with global enterprise standards, offering the robust authentication that professionals trust. It's a smart addition to your desk that keeps your sensitive data protected while ensuring your workflow stays fast and fluid.

### Built to outlast

Made for the marathon of modern business, our quality construction handles it all. With a stable USB-A connection, up to 10 million precise keystrokes, and 100,000 secure Smartcard cycles, it's the dependable partner your office deserves.

### Intelligently functional

Streamline your routine with a layout that anticipates your needs. Dedicated function keys and bright LED status lights provide instant control and clarity, allowing you to breeze through tasks. It's an intuitive design that makes every keypress count.
