

ThinkPad T16 Gen 5 (AMD)

Unlock new AI experiences with this ThinkPad featuring AMD Ryzen™ AI 5 / 7 PRO 400 Series Processor, ensuring smooth operation and responsiveness for business users when running demanding software or multitasking with multiple applications open. Supported by integrated AMD Radeon™ Graphics, users can seamlessly multitask with applications without slowdowns or lag. Moreover, with a 75Wh battery, users can attend meetings, work on presentations, respond to emails, and perform other tasks for extended periods without worrying about finding a power outlet.

Redefining possibilities with powerful performance and groundbreaking on-device AI

ThinkPad T series laptops offer professional-grade durability, powerful performance with good processors, ample memory, and fast SSD storage. They feature robust security features and long battery life for productivity on-the-go.

The optional touch-style fingerprint reader serves to prevent unauthorized access to sensitive business data, providing peace of mind for users who often work on the go. Furthermore, the Kensington nano security slot offers an additional security layer, enabling users to physically secure the laptop with a compatible lock or cable

The HD 2W dual Dolby Atmos® speakers provide a rich and immersive sound experience, empowering professionals to collaborate seamlessly with colleagues and clients while on the move. Additionally, the dual-microphone array ensures crystal-clear voice transmission during video calls and conferences.

With ENERGY STAR® 9.0 certification and EPEAT™ Gold registration, this laptop is designed to optimize energy efficiency, reducing power consumption while maintaining high performance, making it an environmentally responsible choice.
