

Cisco QDD-400G-DR4-S Compatible QSFP-DD Module, 400Gbps Single Mode Fiber (SMF), 500m [1640ft], MPO Transceiver, 1310nm

Product ID: QSFP-400G-DR4-ST

Maintain Reliable 400G Connectivity in Commercial Environments

Deploy longreach 400G links with confidence using a QSFP transceiver designed for stable operation within a commercial temperature range (0C to 70C). Operating over singlemode fiber at 1310nm, it supports distances up to 500m (1640ft) and delivers consistent performance across data centers, telecom rooms, and enterprise edge deployments.

Reduce Vendor LockIn with Broad Interoperability

Ensure seamless integration across multivendor networks with a QSFP module that works with switches and routers supporting optics. Each unit is individually tested and validated prior to shipment, helping minimize deployment risk and ensure dependable operation within commercial temperature conditions.

Certifications, Reports and Compatibility

Applications

- Deploy high-speed fiber connectivity across industrial sites, outdoor enclosures, and edge locations where environmental conditions demand greater module stability
- Standardize deployments across MSA-compliant switches and routers to simplify multi-vendor networks and reduce spare part complexity
- Scale fiber connectivity in data center and edge compute environments supporting high-density switching and growing bandwidth demands

Features

- **Build Reliable 400G Backbone Links Up to 500m**: Cisco QDD-400G-DR4-S Compatible QSFP-DD module delivers stable 400G connectivity over single-mode fiber, ideal for data center interconnects, campus networks, and core links
- **Monitor Optical Performance**: QSFP transceiver (1310nm) supports 500m (1640ft) single-mode connectivity and includes Digital Diagnostic Monitoring (DDM) to provide real-time visibility into optical power, temperature, and module health
- **Tested for OEM Host Compatibility**: Hot-swappable in Cisco routers and switches; DDM support reports the transceiver's status to most SNMP network management tools
- **Minimize Downtime and Costs**: Each transceiver is individually calibrated, temperature-tested, and validated to confirm performance and reliability, helping reduce failures, simplify troubleshooting, and ensure stable operation
- **The IT Pro's Choice**: Our SFP modules are engineered for dependable network performance in enterprise, campus, and data center environments; Tested for seamless interoperability and backed by free lifetime 24/5 multi-lingual technical assistance

Hardware

Warranty	1 Year
Compatible Brand	Cisco
Industry Standards	IEEE 802.3bs 400GBASE-DR4

Performance

Max Transfer Distance	500m [1640ft]
Type	Single Mode
Wavelength	1310nm
Fiber Operating Mode	Full-Duplex
DDM	Yes
Compatible Networks	400 Gbps
MTBF	2603285 hours
Power Consumption (In Watts)	12W

Environmental

Operating Temperature	0C to 70C (32F to 158F)
-----------------------	-------------------------

**Physical
Characteristics**

Color	Silver
Product Length	4.6 in [117.8 mm]
Product Width	0.7 in [19 mm]
Product Height	0.5 in [12.6 mm]
Weight of Product	4.9 oz [140 g]

**Packaging
Information**

Package Length	5.0 in [12.7 cm]
Package Width	7.1 in [18.0 cm]
Package Height	1.9 in [4.8 cm]
Shipping (Package) Weight	1.5 lb [0.7 kg]

What's in the Box

Included in Package	1 - QSFP Transceiver
	1 - Product Documentation

****Product appearance and specifications are subject to change without notice.***
