Sandberg Car Jumpstarter Powerbank 7200 is a compact and versatile emergency battery that can help start cars, motorcycles, and other 12V vehicles with gasoline or diesel engines. With a jumpstart basis current of 400A and a peak current of 1000A, it provides the necessary power to get the vehicle going when the battery fails. Additionally, it functions as a powerbank for charging devices like smartphones. The built-in LED lamp with multiple light functions makes it a handy companion in the car, on trips, or in emergencies. Jumpstart cables and a USB charging cable are included.
