Description

The equip® 245557 3-Outlet Power Cube with Switch, 4 x USB (2C+2A), 2m, White is a compact and versatile power solution designed to meet the charging and power needs of modern homes, offices, and workspaces. Featuring three AC outlets and four USB

charging ports, including two USB-C and two USB-A ports, it allows multiple devices to be powered and charged simultaneously from a single wall socket.

Its space-saving cube design helps reduce cable clutter while providing convenient access to power from every side. The integrated power switch enables easy control of all connected devices, helping to save energy when not in use. With a generous 2-meter power cable, the Power Cube offers flexible placement on desks, countertops, or entertainment centers. Combining functionality, convenience, and a stylish white finish, it is an ideal solution for charging smartphones, tablets, laptops, and other everyday electronic devices.
