| <b>Speaker Impedance</b>             | 36 Ω ± 15%                                                                                                                                                                  |
| <b>Assessories</b>                   | 3.5mm Audio Cable; USB Charging Cable; Carrying Pouch                                                                                                                       |
| <b>WEIGHT (PRODUCT / PACKAGE)</b>    | 280 g (with dongle)                                                                                                                                                         |

## FEATURES

### High-resolution 40mm Drivers

40 mm drivers deliver deep bass, clear mids, and crisp highs, with response up to 40 kHz for richer detail.

### Active Noise Cancellation

Processes and counters noise around you, letting you immerse yourself in your games; or stay aware of your surroundings in Ambient mode.

### Beamforming and ENC

Beamforming helps focus on your voice, while ENC reduces surrounding noise for clearer calls, meetings, and in-game communication.

### Smart Mic Control Instant Mute

Lower the microphone to talk, then raise it to mute instantly for quick, intuitive switching between voice and silence.

### Long-Lasting Battery Life

A 1000 mAh battery delivers up to 90 hours of playback, supporting long listening through work, travel, and daily use.

### Multi-function Button (MFB)

The multi-function button on the left earcup supports press and rotate actions for easy control of power and audio.

### Universal Compatibility

Tailored for PC gaming yet versatile across platforms with seamless connectivity with Mac, PlayStation, Nintendo Switch, and mobile devices.

### Nahimic for Headset

The world-renowned audio software elevates the gaming experience with 3D sound technology and advanced sound tuning for unparalleled immersion.

### Foldable Design

Swiveling earcups fold inward to reduce bulk, making the headset easier to pack, store, and carry.
