High cleaning efficiency. Spacious, versatile baskets
Series 8000 delivers powerful cleaning to remove baked-on or dried food residues. Versatile, smooth-gliding baskets with folding sections and unique glass-holders. High-efficiency water system uses as little as 8.4 litres with the Eco cycle.

Product Benefits & Features

SatelliteClean® Pro: Stubborn food residues, meet effective technology
The SatelliteClean® PROs double rotating spray arm efficiently delivers water from multiple angles. The result is 100% removal of stubborn food-residues in only 90 min without using extra water

EasyFlex Plus baskets offer versatility and secure glass care
Redesigned, EasyFlex Plus baskets glide smoothly and have three foldable rows to make room for hard-to-fit items. Rubber grips and anti-slip spikes hold stemware in place and prevent collisions. Cutlery drawer even fits whisks and ladles.

ZoneClean: Intense on pots and pans, gentle on glasses
Activate ZoneClean to maximize the spray arm's water pressure to scrub pots and pans in the lower basket while keeping pressure gentle on delicate glasses in the upper basket. Two cleaning zones, no extra water or energy use.

AquaSave: Efficient on water. Strong on results.
Our re-engineered water control system activates each spray arm individually, directing water only where it's needed. This reduces water use to as little as 8.4 L with the Eco program—without compromising cleaning results.

Control time and energy use. On the display or in the app
SmartSelect Connect display and app show the length and energy of each cycle. Clean fast in 60 minutes or save energy with the ECO cycle. Spotless results either way. The app offers loading, program, and maintenance advice.

- AirDry: The door opens automatically after the drying phase, ensuring dishes are perfectly dry every time.
- Sensor: Detects the level of dirt and adjusts the time, water and energy consumption.
- Delay start: Up to 24 hours.
- Indicator: Time remaining display.
- Upper basket: Height adjustable for extra flexibility.
- Interior light: For optimal visibility.
- Inverter motor: Yes
- Touch control.
- Connectivity: Control your washing machine via your smartphone or tablet.
