Easy smart lighting

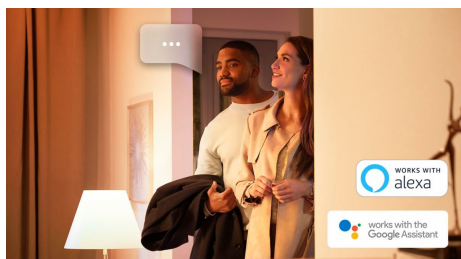

Traditional style meets modern smart lighting features with the Philips Hue warm white candle bulb. Enjoy soft warm white light to create the perfect ambience and complement your home décor. Low dimming lets you dim the bulb down to 2% of its total brightness for a gentle glow. The bulb is now more energy-efficient than its previous generation, while Matter compatibility brings seamless connectivity with other smart home devices. Get effortless control via the Hue app or voice commands with a smart assistant. Unlock even more smart light features with a Hue Bridge – away-from-home control, automations and mimic presence.

Easy smart lighting

- Control lights with your voice*
- Set the right mood with soft white light
- Unlock the full suite of smart lighting features with the Bridge

Highlights

Control lights with your voice*

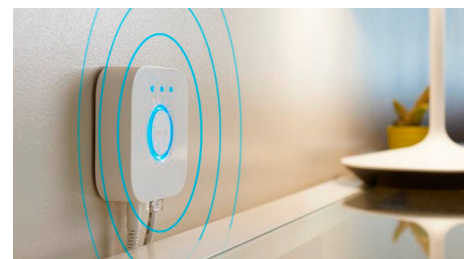

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Set the right mood with soft white light

Hue bulbs and light fixtures use a soft white light. Dimmable from bright daylight to low nightlights, these smart lights allow you to fill your home with just the right level of warm light when you need it.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.
