

TOLERATE USB-C PD GAN MULTI PORT FAST CHARGER (240W) POWERED BY GOOBAY BLK

SKU: ED230020

The Goobay 240 W USB-C™ GaN Charging Station enables fast and efficient charging for up to four devices simultaneously. With Power Delivery 3.1, it automatically detects the optimal power output for each connected device, ensuring safe and efficient charging.

Compact charging station with four ports: 3 × USB-C™ with Power Delivery (up to 140 W on USB-C1 and 100 W on USB-C2/C3) and 1 × USB-A with Quick Charge (up to 30 W), with a total output of 240 W.

PRODUCT DESCRIPTION

The Goobay 240 W USB-C™ GaN Charging Station delivers fast and efficient charging for up to four devices simultaneously. Featuring three USB-C™ ports with **Power Delivery 3.1** and one USB-A port, it can power everything from smartphones and tablets to high-performance laptops, with a total output of up to **240 W**.

Thanks to advanced **GaN (Gallium Nitride) technology**, the charging station delivers high power in a compact and energy-efficient design. GaN technology enables faster charging, reduced heat generation, and a smaller, lighter form factor compared to conventional chargers.

With **Power Delivery 3.1**, the charging station automatically detects the optimal power output for each connected device, ensuring fast, safe, and efficient charging. The powerful **USB-C1** port delivers up to **140 W**, while the remaining ports can simultaneously charge up to three additional devices.

The compact design with four USB ports replaces multiple individual chargers, providing a convenient charging solution for home, the office, or travel. For added safety, the charging station features integrated protection electronics that safeguard connected devices against overcurrent, overcharging, and overheating.
