

MPN: CA-M6-PRINTERSTAND

Foldable Metal Stand for POS systems

Metal POS Stand with Integrated Receipt Printer Compartment

Designed for modern retail, hospitality, and self-service environments, this robust metal POS stand provides a clean, space-saving solution for mounting a touchscreen terminal while neatly concealing a receipt printer inside the stand.

The angled display mount offers an ergonomic viewing position, while the integrated printer compartment keeps the workspace organized by hiding cables and the printer from view. Constructed from durable powder-coated steel, the stand is built to withstand demanding commercial environments while maintaining a sleek, professional appearance.

The universal mounting plate supports both VESA 75 × 75 mm and VESA 100 × 100 mm standards, making it compatible with a wide range of POS terminals and touchscreen displays.

- Heavy-duty powder-coated steel construction
- Integrated compartment for a receipt printer
- Compatible with VESA 75 × 75 mm and VESA 100 × 100 mm mounting standards
- Tilttable display mount for improved ergonomics
- Internal cable management for a clean installation
- Stable base for countertop installations
- Ideal for retail, hospitality, restaurants, pharmacies, warehouses, and reception desks
