

# OTTERBOX OTTERBOX STANDARD WALL CHARGER / 30W USB-C

## PRODUCT MESSAGING

If your current charger is dragging its feet, it's time for an upgrade. The 30W Wall Charger is a focused, high-efficiency tool designed to make power powerful. This fast charge wall charger refuels your phone up to 70% charged in a quick 30-minute\* burst, and it works across Apple, Samsung, Google and beyond. It's the powerful, one-stop power up you've been looking for. Get fast power without the complexity.

## FEATURES

- Fast, compact charger for your device — Apple, Samsung, Google and beyond
- Phone charge time: up to 70% in 30 Minutes\*
- Equipped with one 30W USB-C port
- Efficient GaN technology
- Safe charging with USB-Power Delivery (PD) and Programmable Power Supply (PPS)
- Hassle-free customer service

\*Based on iPhone 17

## TECH SPECS

|                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
