Short Description

- **PDU Type:** Desktop Clamp-on Power Strip with 2 x USB Hub.
- **Power Rating & Capacity:** 230V, 16A, Max. 3680W.
- **Outlet Configuration:** 3 x DIN49440 (Schuko) and 2 x USB (USB-C x 1, USB-A x 1).
- **Safety & Protection:** Integrated child protection and surge safety.
- **Physical Build & Installation:** Desk-clamp mounting with clips and screw fixings.
- **Cable Specifications:** H05VV-F 3G 1.5mm² x 2m with 90° Angled Plug.
- **Cable Length:** 2m
  Desktop Clamp Range: recommend size 10-90mm.

Description

The equip® 245558 3-Outlet Clamp Power Strip with 2 USB ports (1 × USB-C and 1 × USB-

A) is a practical and space-saving power solution designed for modern workstations, home offices, and shared workspaces. Featuring a durable aluminum housing and a secure clamp mounting system, it installs easily onto desks or tables without drilling, helping maintain a clean and organized workspace while keeping power within easy reach.

Equipped with 3 x AC outlets, the power strip provides reliable power distribution for laptops, monitors, printers, and other office equipment.

The integrated USB-C and USB-A charging ports allow convenient charging of smartphones, tablets, wireless accessories, and other USB-powered devices without the need for additional adapters. A built-in power switch enables quick on/off control of all connected devices, improving both convenience and energy efficiency. The included 2-meter power cable offers flexible installation, making this clamp power strip an ideal solution for efficient power management in professional and home environments.
