

THOR 430 TKL WIRELESS

LOW-PROFILE MECHANICAL KEYBOARD

PRODUCT FEATURES:

- Triple connectivity with 2.4 GHz, Bluetooth, and USB allows quick switching between modes and complete freedom to play without delays.
- Low-profile mechanical switches with a shorter actuation point provide faster response in games and more efficient typing on a daily basis.
- Silent switches combined with a Gasket Mount design reduce vibration and improve acoustics, offering comfortable work without distracting those around you.
- Hot-swap sockets allow for quick and tool-free switch replacement, allowing you to customize your keyboard to suit your gaming style.
- 20 backlight modes let you personalize the look of your setup and ensure that the keys are visible even in the dark.
- N-key rollover technology guarantees full detection of all keystrokes simultaneously — without blocking or loss of control at crucial moments.
- Factory-lubricated stabilizers ensure smoother operation of large keys and reduce unwanted noise.
- Dedicated software allows you to customize key functions and create macros, increasing your efficiency in dynamic gameplay.
- Dual folding feet allow you to adjust the angle of inclination, improving ergonomics during long sessions.
- The compact design provides more space on your desk and greater freedom of movement for your mouse, while also making the keyboard easier to transport.

PRODUCT SPECIFICATION:

Communication	Wireless, Wired
Interface	2.4 GHz, Bluetooth compatibility, USB
Key mechanism	Mechanical
Switches model	Silent Low-profile
Switch type	Linear
Illumination color	RGB
Battery capacity	3 000 mAh
Range	10 m
Number of keys	87
Sampling frequency	1 000 Hz
Supported Operating Systems	Android, Linux, MAC, Windows 8, Windows 10, Windows 7, Windows 11
