

Omni-Brush roller brush for Dreame R20 Ultra, R20 Ultra AquaCycle, Z20 Station, Z20 Aquacycle Station, Z30 Station, Z40 Station, Z30 Ultra, R20 Essential vacuum cleaners

User manual

Description

The Omni-Brush roller brush is designed for maximum vacuuming efficiency on a variety of surfaces. Its versatile design combines bristles and rubber elements, allowing the roller to pick up both fine dust and larger debris and pet hair, while reducing tangling of hair and debris. Durable materials ensure a long service life, and the precise fit makes installation and removal quick and convenient, facilitating roller cleaning. It is a practical replacement part that ensures effective cleaning.

Intended use

For safety and certification reasons, the product must not be modified or altered in any way. If the product is used for purposes other than those described, it may be damaged. In addition, improper use may cause hazards. Read the instruction manual carefully and keep it for future reference. Read and follow the safety instructions in the manual.

1. The product is not a toy. Keep it out of the reach of children and animals.
2. Protect the product from extreme temperatures, direct sunlight, strong vibrations, high humidity, moisture, flammable gases, vapours and solvents.
3. Do not expose the product to mechanical stress.
4. If safe operation is no longer possible (the product is damaged or does not function properly), discontinue use and secure the product against reuse.
5. Handle the product with care. Shock, impact or dropping the product may cause damage.
6. If you have any doubts about operation or safety, consult a qualified professional.
7. If you have any questions that are not answered in this manual, please contact our customer service department (email: hurt@innpro.pl , website: <https://innpro.pl/>) or another specialist.
