- **Color:** Grey.

Description

The Office Chair combines a classic professional appearance with practical comfort for everyday use in offices, meeting rooms and home workspaces. Upholstered in smooth faux leather, the chair offers a refined look while providing a comfortable seating surface that is easy to maintain.

The integrated butterfly mechanism allows the chair to recline gently and provides flexible movement while seated, helping users maintain a more relaxed and comfortable working position throughout the day. The seat height can be adjusted to suit different desk setups and individual preferences.

A durable chrome base provides stable support and adds a modern, polished appearance to the overall design. The 360° swivel function allows users to turn freely and access different areas of the workspace without needing to move the entire chair.

Smooth-rolling castors provide convenient mobility across the office floor, while the supportive backrest and padded seat help improve comfort during daily tasks, meetings and extended periods of sitting.

With its combination of faux leather upholstery, practical adjustment features, sturdy chrome base and versatile swivel design, this office chair is a reliable and stylish seating solution for professional offices, home offices, conference rooms and other working environments..
