Highlights

Compact

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

Steam rate

Strong, continuous steam for effective crease removal of even the most stubborn creases on the thickest fabrics.

OptimalTEMP

With OptimalTEMP technology you achieve great results with one ideal temperature setting. We guarantee that this iron will never burn any ironable fabric when it is left unattended. You can safely leave it resting on your clothes or ironing board.

Soleplate

Our SteamGlide Plus soleplate delivers great gliding performance on all garments. Great scratch and wear resistance, non-stick and easy to clean.

Vertical steaming

Quickly refresh and de-wrinkle hanging garments and fabrics without the board. Ideal for last-minute touch-ups on shirts, dresses and curtains.

ECO Mode

Save on energy and water consumption, not on the great results. ECO mode reduces energy and water consumption for delicate fabrics that require less steam. Save up to 50% energy* and 1.1 l/h water without compromising on great results.

Safe carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Long Use

A 1.7 litre 360-degree transparent tank gives you 1 hour of continuous use, so you can comfortably iron the whole family's laundry with fewer stops and more convenience.

Smart descaling

It's easy to maintain your steam generator with Smart Calc Clean, our built-in descaling system. It will remind you when it's time to descale and includes a container to make descaling easy and safe. As it's reusable, you will save money and never need to buy extra cartridges.

The most compact design saves space and fits effortlessly into your home., Powerful steam to effectively remove even the most stubborn creases on the thickest fabrics., OptimalTEMP keeps every ironable fabric safe and prevents burns.

Specifications

General Specification

Product Type: Steam Generator
Heat-up time: 2 minutes
Soleplate material: SteamGlide Plus
Calc management: Smart Calc Clean
Calc clean reminder: Light and Sound
Detachable water tank: No
Water tank capacity: 1.7 l
Refill at any time during use: Yes
Vertical steaming: Yes
Power cord material: PVC
Anti-burn protection: OptimalTEMP

Technical Specifications

Power: 2400 W
Pressure: 6.5 Bar
Continuous steam rate: 140 g/min
Steam boost: 500 g/min

Safety

Automatic shut-off: Yes
Power On/Off Switch: Yes
Safety carry lock: Yes
Safe on all ironable fabrics: Yes

Country of Origin

Produced In: Indonesia

Weight and Dimensions

Product dimensions (W x H x L): 18.9 x 21.5 x 35 cm
Package dimensions (W x H x L): 23 x 26.5 x 39.5 cm
Power cord length: 1.6 m
Hose cord length: 1.6 m
Iron weight: 1.2 kg
Product Weight: 2.65 kg

Accessories

Decalc tray: Yes

Sustainability

Energy-saving mode (Eco function): Yes
