- **Color:** Black.

Description

The Office Chair is designed to provide everyday comfort and practical functionality for offices, meeting rooms and home workspaces. Upholstered in durable PU leather, it offers a professional appearance with a smooth surface that is easy to clean and maintain.

The generously padded seat, backrest and armrests provide comfortable support during daily work, meetings and extended periods of sitting. The padded armrests help reduce pressure on the arms and shoulders, contributing to a more relaxed seating position.

Equipped with a butterfly mechanism, the chair allows gentle reclining movement for added flexibility and comfort. The height-adjustable design enables users to easily select a suitable seating position according to their desk height and personal preference.

A sturdy chrome base provides stable support while adding a modern and polished look. The 360° swivel function allows effortless movement and convenient access to different areas of the workspace without leaving the chair. Smooth-rolling castors further enhance mobility around the office.

Finished in classic black, this office chair combines comfort, adjustability and a professional design, making it a practical seating solution for offices, conference rooms, reception areas and home working environments.
