

## Philips

docking speaker with Bluetooth®

- for iPod/iPhone

AD620/05

# Music set free wirelessly via Bluetooth

Groove to smooth tunes from your iPod and iPhone. This Philips Docking speaker offers powerful bass with Bass Reflex Speaker System. Stream music wirelessly via Bluetooth, or dock your iPod or iPhone.

## Benefits

### Crystal clear sound

- Bass Reflex Speaker System delivers a powerful, deeper bass
- Shielding technology to block mobile phone interference
- 20 W RMS total output power

### Enjoy your favourite music

- MP3 Link for portable music playback

- Play and charge your iPod/iPhone simultaneously

### Advanced versatility

- Bluetooth wireless music streaming from iPod/iPhone
- Dock any iPod/iPhone, even in its case

## Features

### Bluetooth music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favourite music from your iPod or iPhone on your Philips audio system - conveniently, anytime you want.

### Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box

# PHILIPS

system in the addition of a bass pipe that is acoustically aligned to the woofer to optimise the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by causing the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a completely new dimension of deep bass.

#### MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favourite music in

the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player into the audio system.

#### Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adapters. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

## Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.
