

Philips

docking speaker with Bluetooth®

- for iPod/iPhone
- Battery/AC powered

DS7530/05

Designed to go places

Obsessed with sound

Compact and extremely portable, this docking speaker is no lightweight when it comes to performance. Designed to travel it delivers sound from your iPod/iPhone that is surprisingly powerful and ensures convenience with Bluetooth streaming.

Benefits

Sound that blows you away

- wOOx technology for rich yet precise bass without distortion
- DBB to preserve low tones for deep bass at any volume level
- Shielding technology to block mobile phone interference
- 10 W RMS total output power

Made to go places

- Elegant, slim and compact design to fit into any briefcase

Truly portable and versatile

- AUX-in for easy connection to almost any electronic device
- Free DockStudio app for Internet radio and other cool features
- Battery or AC power option for music enjoyment anywhere
- Dock any iPod/iPhone, even in its case
- Wireless music streaming via Bluetooth

PHILIPS

Features

wOOx technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer than any other audio system. Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

Dynamic Bass Boost (DBB)

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Specifications
