5 Years Warranty

Sandberg Wireless Headset Pro LCD Dock is a complete wireless communication solution that combines a lightweight, comfortable headset with a smart dock featuring a touchscreen. AI-driven noise reduction lowers background noise by up to 34 dB(A), keeping your voice clear even in a busy office. The dock's touchscreen provides real-time insights into battery, connection, and volume, allowing you to manage calls directly from the screen, while a busy light automatically signals when you're occupied. The headset connects up to 2 devices simultaneously and can pair with up to 8 Bluetooth devices in total. Built-in tools for hearing protection and focus, like pause reminders and a Pomodoro timer, make the dock a handy tool for everyday use.
