

EQ Privacy Screen Filter for MacBook Neo 13"

Part Number: EQMBN130E1610A | UPC Code: 0 85896 04361 4

Privacy for
the modern
workspace.

Many MacBook Neo 13" users need to protect sensitive information while working in shared offices, public spaces, or on the move, where on-screen data can be easily viewed by others.

The EQ Privacy Screen Filter for MacBook Neo 13" helps maintain visual privacy with a $\pm 30^\circ$ limited viewing angle that reduces side visibility. Made with 49% post-consumer recycled (PCR) plastic*, it also features blue light reduction and an anti-reflective coating to support comfortable productivity throughout the day.

Engineered for a seamless fit, the direct-attach design integrates precisely with the MacBook Neo. The EQ Privacy Screen Filter delivers a practical combination of privacy and comfort modern professionals.

- Made with 49% post-consumer recycled (PCR) content*
- Supports full closure, sleep mode, and webcam use
- Limits viewing angle to $\pm 30^\circ$
- Filters up to 54% of blue light
- Low reflective coating for clearer visibility in bright environments
- Reversible matte and glossy viewing options
- Double-sided adhesive strips provide a secure fit
- Scratch-resistant matte side for added durability and protection
- Meets wipe-down testing standards
- 2-year limited warranty

* Excludes additional components (e.g., adhesive strips).

EQ Privacy Screen Filter for MacBook Neo 13"

Part Number: EQMBN130E1610A | UPC Code: 0 85896 04361 4

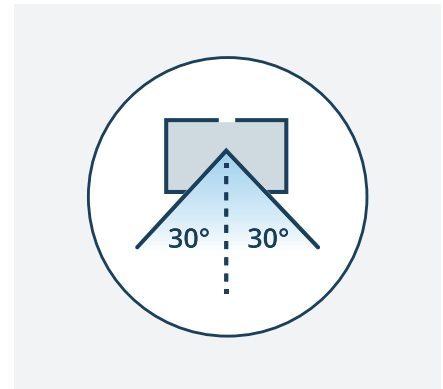

EQ Attributes

This privacy screen filter is made with 49% post-consumer recycled (PCR) content* and ships in FSC® certified packaging.

Precision Engineered for MacBook Neo 13"

Designed for MacBook Neo**, the privacy screen supports full functionality — allowing complete closure, sleep mode, and clear video calls without interference.

Privacy-Focused Viewing Angle

Narrows the field of vision to $\pm 30^\circ$, helping you keep the information on your screen private and reducing the chances of a visual data breach in the office or in a public setting.

Blue Light Reduction

Filters up to 54% of blue light and is designed to support visual comfort during extended screen time.

Low Reflective Coating

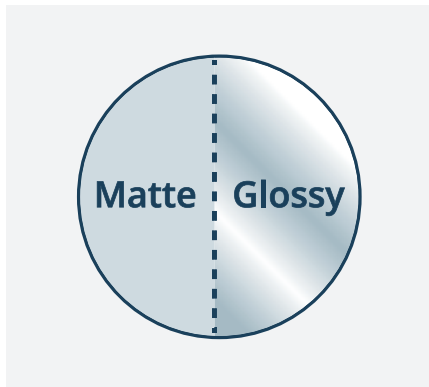

Reduces reflections from overhead lighting and bright environments for improved on screen visibility.

* Excludes additional components (e.g., adhesive strips).

** Not compatible with other MacBook models or screen sizes.

EQ Privacy Screen Filter for MacBook Neo 13”

Part Number: EQMBN130E1610A | UPC Code: 0 85896 04361 4

Reversible Viewing Options

Users can choose which side suits their environment: matte side reduces glare and fingerprints, glossy side enhances clarity and vibrancy.

Simple Installation

Double-sided adhesive strips provide a secure fit.

Scratch-Resistant Surface

The matte side features a resilient, scratch-resistant surface rated to 2H hardness, ensuring increased durability and protection.

Military-Grade Protection

Meets wipe down (MIL-STD-810H Method 504.3 Contamination by Fluids) testing standards.

2-Year Limited Warranty

Built to Kensington's professional standards and backed by a 2-year limited warranty.
