# 5000 SaphirMatt® SE Induction Hob 80cm

## SO84IA0BIT

**Fast, powerful and precise. For efficient cooking**
The 5000 Fast & Powerful induction hob with Powerboost heats twice as fast as a radiant hob. Efficient heating with immediate temperature response for seamless and precise cooking experience.

## Product Benefits & Features

**Heat even faster and more efficiently**
Fast & Powerful induction hob ensures efficient heat. The temperature response is fast and precise, ensuring easier and more accurate cooking.

**A matt hob with lasting beauty**
The subtle matt black finish of the SaphirMatt® SE hob withstands everyday use, offering up to 3X more scratch resistance than a standard hob surface. With smooth, understated elegance, it integrates perfectly with modern kitchen designs.*

*Based on abrasion tests conducted by external Swiss laboratory in accordance with international standard IEC 60068-2-70. Scratch visibility is assessed internally in comparison to our standard ceramic glass hobs without special treatment or coating.

**Hob2Hood®: The hands-free hood**
The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

**Less steps and more control with Direct Touch Controls**
The Direct Touch Controls user interface uses intuitive numbers 1-14 so you can set the right temperature right away without having to toggle through the plus and minus buttons.

**Quicker heat for extra speed with PowerBoost**
A blast of fast. No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat. PowerBoost is perfect for tasks that require you to boil a large pot of water quickly.

- Hob2Hood®: Allows you to control the cooker hood via your hob.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Pause functionality allows you to take short breaks without losing your cooking settings.
- OptiFix™: Only one step to install the hob.
- Child lock safety function.
- Minute Minder
