

10m XLR Male to 6.3mm Female Audio Cable, Black

No.: 35718

External Line Return Female to 6.3mm TRS Male

Description

- Ensures clear and consistent signal transfer between microphones, mixers, and other XLR-equipped devices.
- Secure connection between microphones, mixers, instruments, and professional audio equipment
- Ideal for live sound, studio setups, corporate AV, and fixed installations.
- Aluminium Mylar Shielding to protect against electrical interference
- 10 year warranty

The Lindy XLR Female to 6.3mm (1/4 in) Male Audio Cable provides a reliable and high-quality connection between microphones, mixers, audio interfaces, instruments, and other professional audio equipment. Compatible with TRS-level audio signals, it supports clear and consistent transmission for both balanced and unbalanced configurations, ensuring accurate sound reproduction across studio, live, and corporate AV environments.

Designed specifically to support modern AV solutions, this cable delivers dependable audio connectivity for meeting rooms, presentation systems, conferencing setups, and integrated AV installations. Its robust connectors and durable construction make it ideal for routing TRS audio signals between, switches, amplifiers, rack-mounted hardware, and technical furniture.

This ensures stable, low-noise performance in fixed installations, hybrid collaboration spaces, digital signage networks, and multi-zone audio environments.

Please note: For optimal results, avoid sharp bends and route the cable away from potential interference sources.

The Lindy XLR Female to 6.3mm (1/4 in) Male Cable is available in lengths from 1m - 10m.

Technical details

Connectors

- Connector A: XLR Female
- Connector B: 6.3mm (1/4 in) Male
- Housing Material: Aluminium
- Connector Plating: Nickel Plated
- Pin Construction: Nickel
- Pin Plating: Nickel
- Dimensions (approx.) WxDxH:
  - Connector A: 17x16x30mm (0.66x0.62x1.18in)
  - Connector B: 80x17x10mm (3.14x0.66x.39in)

Cable Construction

Length: 10m (32.81ft)
Colour: Black
Type: Round
Jacket Diameter: 6mm (0.23in)
Jacket Material: TPE
Conductor Material: Bare Copper
Conductor Gauge: 26AWG
Shielding: Aluminium Mylar 80%

Specifications

Nominal Attenuation: < 0.3 dB per 100m at 1 MHz
Minimum Bend Radius: 50mm (1.97 in)
Operating Temperature: -20°C to 70°C (-4°F to 158°F)
Storage Temperature: -40°C to 80°C (-40°F to 176°F)

Miscellaneous

Packaging Type: Polybag
Warranty (Years): 10
Product Compliance: RoHS, REACH

Purchasing Information

No.: 35718
EAN: 4002888357180

This product is also available in other lengths

35713 - 1m (3.28ft)
35714 - 2m (6.56ft)
35715 - 3m (9.84ft)
35716 - 5m (16.40ft)
35717 - 7.5m (24.60ft)
35718 - 10m (32.81ft)
