

Philips

Notebook USB speakers

- USB powered
- Audio-in

SPA20/12

Great sound

We're great for music, voice and soundtrack! Just connect us to your notebook and we'll bring your music and sounds to life for a great listening experience. Handy cable management means you can have a tidy desk surface too!

Benefits

Listen with pleasure

- Rich bass

Really easy

- USB plug for power
- Audio-in for easy portable music playback

- Hassle-free space saving with 2.0 Channel Stereo

We can play with any media

- Enjoy music, games, movies and online videos

Features

Rich bass

This Philips PC speaker provides good sound quality with a rich bass experience from a loudspeaker box system.

PHILIPS

USB plug for power

With plug-and-play convenience, the USB cable plugs directly into any USB port and your notebook automatically recognises this as a removable USB mass storage device.

AUDIO-IN (3.5 mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device into the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Enjoy music/games/movies/video

The perfect accompaniment for your notebook and netbook, so you can play multimedia music and videos with great sound quality.
